TRENDING TOOTHBRUSHES

KIDS LOVE THEM

CHILDREN love brushing their teeth with **b-brite** toothbrushes.

Our timer toothbrushes start flashing the moment you press the button and stop automatically after 2 minutes.

They promote good oral hygiene by encouraging children to brush regularly. The timer helps them to brush for the time recommended by dentists.

b-brite toothbrushes are ideal for children aged between 3 and 10. They have been specially designed for a child's hand and have soft bristles which are perfect for little mouths.

Flashes for
2 minutes
indicating correct
brushing time.

Kids love them because they are “fun” and parents love them because they encourage their children to brush!

A wide range of timer toothbrushes have been developed which flash, play music and have liquid fillings! They are available in many different colours, and in a variety of child appealing designs suitable for both boys and girls.

b-brite toothbrushes are made from the highest quality materials to ensure conformity with exacting European, USA and Japanese standards. They comply with all relevant safety regulations.

The **b-brite** factory is located in Shenzhen (Southern China) and is BRC, BSCI, Disney and GMP certified.
